

Why you should work with us

# About us

- The history of Transfer-Express begins in 2015, when a small transport company begins to operate on the market.
- Determined owners quickly realize that it is not enough to transport goods, but also to take care of their quality, timely delivery and individual approach to each customer.
- Thanks to this, Transfer-express is gaining more and more customers and is developing at an express pace.
- Over time, the company becomes one of the leaders in the transport industry in Poland. With its own fleet of cars and employing over 500 employees.
- Transfer-express serving both small local companies as well as large international enterprises. All customers are treated equally professionally and with personalized services to their needs.
- Transfer is a company with an established position on the transport market, which is constantly developing its offer for its customers.
- We belong to the group of employers Transport and Logistics Poland (TLP).
- We are also a member of the Association of International Road Carriers, the National Association of Road Transport Employers.
